Tennis Champions Who Will Play in Omaha This Week

Mrs. R.D. Williams NATL. DOUBLES CHAMP.

Miss Mary K. Brown NATL. SINGLES AND DOUBLES CHAMP.

The announcement by the committee in charge of the national clay court tournament that Miss Mary K. Brown, Los Angeles, national woman's singles champion, and Mrs. R. H. Williams, Boston, are coming to attend the tournament and play several exhibition games has aroused an unusual interest in tennis among the women of Omaha.

Heretofore very few women, with the exception of those who played or had relatives or friends who played, attended any of the tennis matches. This year, however, inducement of seeing champions in action has caused several to order seats or tickets to the games and still more have announced their intention of going to see the women at least.

Arrangements have been made to have the visiting champions play some of the local women and several of the visiting men. Although they do not expect to beat the men, they do promise them a hard fight. A few sets of mixed doubles will be played also. Mixed doubles are seldom played in Omaha and should prove interesting. Clarence Griffin, the California wizard, who, with his partner, holds the mixed doubles championship of California, will probably be paired with Miss Brown.

Others who entertained at dinner Saturday evening in honor of Mr. and Mrs. Edward Gillies of Marietta, O. Covers were laid for: Mr. and Mrs. Edward Gillies, Mr. and Mrs. W. P. Shafer, Mr. and Mrs. Walter Combs.

Newly Found Obesity Cure in Great Demand

The announcement that the boraxium fulvum possesses remarkable virtues as an obesity remedy, has been received with considerable interest by the country by the curiously inclined. According to one large wholesaler, the enormous demand for these fulvum has been occasioned not alone by the success of the experiments that have been reported, but because the new treatment seems to overcome practically all the objections to other treatments. For instance, as fat people usually lack energy, exercising does not usually appeal to them; besides, this often involves too great a sacrifice of time. Then, with regard to internal medicine, it is generally known that these, to be powerful enough to reduce flesh, shock the nerves, create digestive disturbance and various other ill effects. Boraxium fulvum, on the other hand, acts quite harmlessly. It is not necessary to eat more than three or four a day. The inexpensiveness of this treatment is another feature. The palatableness of these boraxium fulvum may also account somewhat for their large sale at the drug stores.—National Drug Review—Advertisement.
